CHAMPAGNE J.M. GANDON Les Pièces V20

Victor Gandon may be the poster boy for all that is new in Champagne. He is the son and grandson of winemakers and grape growers. He works a day job as director of Vinoforestry for a Grande Marque champagne house and in his 'spare' time he has resurrected his family vineyards to produce wines from them under his own label.

Victor's great grandparents were farmers and first planted vines in Branscourt. His father, Jean-Marie, also tended the vines but never made a wine from his own grapes. It was only with this first vintage in 2020 that a wine has been made from this plot and been vinified on the family property. He has fully embraced his past and is creating something totally different.
